“ *Autar was my mentor during my Post-doctoral training at BARC. He was a wonderful scientist to work with but more than that he was a wonderful human being, so kind and caring of those he worked with. Even though I, myself am a terrible correspondent, Autar kept in touch and never failed to wish me a happy birthday each year. I will always remember Autar and my time working with him at BARC fondly.*

*I send my deepest condolences to the family,
Barbara Parsons*
